BONcat End User License Agreement

By installing or using all or any portion of the BONcat Software, you are accepting all of the terms and conditions of this agreement. You agree that this agreement is enforceable like any written agreement signed by you and legally binding you and Boncode Software Remediation BV. If you do not agree to all of these terms and conditions, do not install the software.

This End User License Agreement ("Agreement") is between Boncode Software Remediation BV ("Boncode") and the customer (individual or entity) that has downloaded or otherwise procured the licensed Software (as defined below) for use as an end user ("you"). This Agreement applies only to Software and Professional Services, as referenced herein.

1. Definitions

Affiliate: means each legal entity that is directly or indirectly controlled by you on or after the Effective Date and for so long as such entity remains directly or indirectly controlled by you (where "controlled" means the ownership of, or the power to vote, directly or indirectly, a majority of any class of voting securities of a corporation or limited liability company, or the ownership of any general partnership interest in any general or limited partnership).

Authorized User: means those licensed uniquely identified individuals who are authorized by you to install and/or use the Software regardless of whether those individuals are actively using the Software at any given time. Licenses granted on an Authorized User basis may be reassigned between uniquely identified individuals over time but may not be reassigned so frequently as to enable the sharing of a single license between multiple users.

Boncode: Boncode Software Remediation BV

Contractor: means those independent third parties who perform services related to this Agreement for you, but solely to the extent they are acting on your behalf.

Customer Data: means data generated by you or your Authorized User and used by or imported into the Software, but excludes data generated by a Client Sublicensee unless such data is combined with your data or is relevant to your provision of services to such Client Sublicensee.

Documentation: means any supporting product help and technical specifications documentation provided by Boncode with the Software to you. Documentation does not include white papers, community forums, training videos, tutorials, Knowledge Base articles or other similar resources which may be made available for your convenience.

Effective Date: means the date of your first Ordering Document or the initial Delivery date of the Software (whichever is earlier).

License Term: means the Software license term specified on the applicable Ordering Document or by an Authorized Partner. The License Term may be a fixed term, a limited term or perpetual.

Ordering Document: means any order on a Boncode order form which references this Agreement. Each Ordering Document which references this Agreement shall be deemed a part of this Agreement.

Software: means the proprietary Boncode software product(s) provided in connection with this Agreement in object code form (or as otherwise specified in any related Ordering Document), as more fully described in the Documentation. Unless otherwise noted, the Software and Documentation are referred to collectively herein as "Software". All undefined names of Software products have the meanings given to them in the Documentation.

2. Boncode Software Products

2.1 Boncode Software

In order to use the Software under this Agreement, you may have to activate your copy of the Software with the valid license key(s) or activation code(s) provided to you (“Product Key”) at the time of purchase and/or submit a uniquely identifiable user registration when prompted, in accordance with the scope of use and other terms specified for each type of Software, the Documentation, and as set forth in this Section 2 of this Agreement. Except as set forth herein, any terms which apply to a Software product also apply to any add-on features to that Software product.

2.2 Usage Metrics

Your license to Boncode Software will be subject to either User-Based or Usage-Based restrictions, as identified on the applicable Ordering Document, or if there is no Ordering Document, as otherwise designated by Boncode.

2.2.1 User-Based License

If your Software license is designated as User-Based, the total count of Authorized Users enabled to use such Software must not exceed the number of licenses purchased on the applicable Ordering Document(s) or received by you from Boncode. Your purchase of “User-Based” Server licenses may be further specified on the applicable Ordering Document as included in a specified Software package, and the technical capabilities available to each Authorized User shall be as set forth in the Documentation.

2.2.2 Usage-Based License

If your Software license is designated on the applicable Ordering Document as Usage-Based, for each such license the usage is restricted as described in the Ordering Document. For purposes of Usage-Based licenses, Authorized Users do not need to be uniquely identified.

2.3 Software Packages

If you purchased or received a license to a Software product or package, such access and technical capabilities are as set forth in the Documentation and Ordering Document. For the avoidance of doubt, if you purchased or received a license to a Software package, each such Software package which is User-Based may be used only by a single Authorized User, and may not be shared by multiple Authorized Users.

3. License

3.1 Grant of License

Subject to all of the terms and conditions of this Agreement, and except as set forth in Section 6 (Term and Termination), during the applicable License Term, Boncode grants you a limited, worldwide, non-transferable, non-sublicensable, non-exclusive license to use the Software which is installed by Boncode or for which you have been issued a Product Key by Boncode or an Authorized Partner, but only in accordance with: (a) the Documentation; (b) the restrictions in Section 2 (Boncode Software Products), Section 3.6 (License Restrictions) and any restrictions on the applicable Ordering Document; and (c) the number of Authorized Users and/or permitted Usage (as applicable), on the platforms and configurations or any other restrictions mutually agreed upon by you and an Authorized Partner. You may allow your Contractors and Affiliates to use the Software in accordance with this Agreement, provided you shall remain liable for all acts and omissions of your Affiliates and Contractors as if their acts or omissions were your own.

3.2 Technical Environment

The Software can be used either in a stand-alone environment on-premise or be integrated in the technical deployment environment. This is specified in the Ordering Document.

You are entitled to make a reasonable number of copies of the Software for archival purposes.

3.4 Third-Party Code

The Software may contain or be provided with components which are licensed from third parties ("Third Party Code"), including components subject to the terms and conditions of "open source" software licenses ("Open Source Software"). Open Source Software may be identified in the Documentation, or in a list of the Open Source Software provided to you upon your written request. To the extent required by the license that accompanies the Open Source Software, the terms of such license will apply in lieu of the terms of this Agreement with respect to such Open Source Software, including, without limitation, any provisions governing access to source code, modification or reverse engineering.

3.5 Electronic Delivery

All Software and Documentation shall be delivered by electronic means unless otherwise specified on the applicable Ordering Document. Software shall be deemed delivered when it is installed by Boncode or made available for download by you ("Delivery").

5. Payment

5.1 Payment

You shall pay all fees associated with the Software licensed and any services purchased hereunder as set forth in the applicable Ordering Document. All payments shall be made in the currency noted on the applicable Ordering Document within thirty (30) days of the date of the applicable electronic invoice. 6. Term and Termination

6.1 Term of License

Unless sooner terminated as provided herein, your license to Software expires at the end of the applicable License Term. License Terms may be renewed in an Ordering Document or as otherwise mutually agreed by the parties.

6.2 Term of Agreement

This Agreement commences on the Effective Date and expires at such time as all License Terms and service subscriptions hereunder have expired in accordance with their own terms (the “Term”). Either party may terminate this Agreement (including all related Ordering Documents) : (a) if the other party fails to cure any material breach of this Agreement within thirty (30) days after written notice of such breach including without limitation your failure to pay, provided that Boncode may terminate this Agreement and the Software license(s) (including termination of the Software license(s) if this Agreement has already expired or has been terminated) immediately upon any breach of Section 3.6 (License Restrictions) (b) if the other party ceases operation without a successor; (c) in order to comply with applicable laws, regulations, or requests of governmental entities, including U.S. economic sanctions laws, regulations, and requirements, and applicable foreign import and export controls; or (d) if the other party seeks protection under any bankruptcy, receivership, trust deed, creditors arrangement, composition or comparable proceeding, or if any such proceeding is instituted against such party (and not dismissed within sixty (60) days). Unless otherwise specified herein, termination is not an exclusive remedy and the exercise by either party of any remedy under this Agreement will be without prejudice to any other remedies it may have under this Agreement, by law, or otherwise.

6.3 Termination

Upon any expiration or termination of this Agreement, you shall cease any and all use of any Software, destroy all copies thereof and so certify to Boncode in writing, and immediately pay any outstanding fees due hereunder.

Boncode does not warrant that your use of the Software will be uninterrupted or error-free or that any security mechanisms implemented by the Software will not have inherent limitations. Boncode’s sole liability (and your exclusive remedy) for any breach of this warranty shall be, in Boncode’s sole discretion, to use commercially reasonable efforts to provide you with an error-correction or work-around which corrects the reported non-
